

# Teams that C.A.R.E.

Training | Keynote

Successful team members don't work harder, they work smarter. They do the right thing at the right time. A clear understanding of individual roles, in the process of working together toward a common goal, is the first step to creating high performance teams.

## Objectives

After participating in this program, your team will be able to:

- Identify individual strengths and approaches to teamwork
- Clarify each team member's role and responsibilities
- Reinforce the contributions of all team members
- Increase productivity and enhance performance

## Format

This interactive program uses experiential learning techniques such as self-assessments, team projects, large and small group discussions, and post-program application.

## Ideal Size

**Keynote:** No limit

**Training:** 6-35 team members

## Length

**Keynote:** 60-90 minutes

**Training:** 2-6 hours

## Agenda

Using the Team Dimensions Profile®, team members will capitalize on their own individual strengths to maximize their team performance.

- Your approach to teamwork
- The 5 key roles in innovation and change: Creator, Advancer, Refiner, Executor, and Flexor
- The "Z" process
- CASE STUDY: Team building and/or problem solving project(s)

## Target Audience

Project team, department, management team, or committee

## Typical Uses

Team building, management development, seminars and workshops

## Material Options

Handouts, Team Dimensions Paper Profile® \$40/person or Handouts, Team Dimensions Online Profile® and a Group Report - \$60/person
